HOME COMFORT SYSTEMS
Innovation never felt so good.™

*Air conditioners/heat pumps have sound ratings established per ARI's test standard: ARI 270. Size for size, as a product family, these heat pumps have the lowest published sound ratings of any major U.S. brand of air conditioning/heat pump equipment.

**Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR® criteria. Ask your Lennox dealer for details or visit www.energystar.gov.
